Labour Party Manifesto 2024

MY PLAN FOR CHANGE

This election is about change.

A chance to stop the endless Conservative chaos that has directly harmed the finances of every family in Britain.

A moment where we can turn the page on a set of ideas that, over 14 years, have consistently left us more vulnerable in an increasingly volatile world.

And an opportunity to begin the work of national renewal. A rebuilding of our country, so that it once again serves the interests of working people.

Labour's first steps for change

1. Deliver economic stability

with tough spending rules, so we can grow our economy and keep taxes, inflation and mortgages as low as possible.

2. Cut NHS waiting times

with 40,000 more appointments each week, during evenings and weekends, paid for by cracking down on tax avoidance and non-dom loopholes.

3. Launch a new Border Security Command

with hundreds of new specialist investigators and use counter-terror powers to smash the criminal boat gangs.

4. Set up Great British Energy

a publicly-owned clean power company, to cut bills for good and boost energy security, paid for by a windfall tax on oil and gas giants.

5. Crack down on antisocial behaviour

with more neighbourhood police paid for by ending wasteful contracts, tough new penalties for offenders, and a new network of youth hubs.

6. Recruit 6,500 new teachers

in key subjects to prepare children for life, work and the future, paid for by ending tax breaks for private schools.

LABOUR'S FIVE MISSIONS TO REBUILD BRITAIN ARE:

1) Kickstart economic growth

to secure the highest sustained growth in the G7 – with good jobs and productivity growth in every part of the country making everyone, not just a few, better off.

2) Make Britain a clean energy superpower

to cut bills, create jobs and deliver security with cheaper, zero-carbon electricity by 2030, accelerating to net zero.

3) Take back our streets

by halving serious violent crime and raising confidence in the police and criminal justice system to its highest levels.

4) Break down barriers to opportunity

by reforming our childcare and education systems, to make sure there is no class ceiling on the ambitions of young people in Britain.

5) Build an NHS fit for the future

that is there when people need it; with fewer lives lost to the biggest killers; in a fairer Britain, where everyone lives well for longer.

Delivering the change Britain needs will require perseverance. The starting point for delivering these missions is to ensure the *foundations* of good government are right. Labour will make sure we have strong national security, secure borders, and economic stability. Building on these secure foundations, we have already set out the first steps for change.

Today we present further policies in this manifesto, as part of the journey of rebuilding our country.

Every policy that follows in this manifesto is fully costed and fully funded.

STRONG FOUNDATIONS

NATIONAL SECURITY

No policy commitment in pursuit of Labour's missions matters unless we uphold the first duty of any government: to keep the country safe. Peace and security are hard earned. They require constant vigilance. Over the last 14 years geopolitical tensions have risen, while the Conservatives have hollowed out our armed forces. Now Putin is attempting to break European security with his full-scale invasion of Ukraine. Labour will meet this challenge by strengthening our armed forces and protecting our national security.

STRONG FOUNDATIONS

SECURE BORDERS

Britain is a tolerant and compassionate country. We have a proud tradition of welcoming people fleeing persecution and abuse. Schemes like Homes for Ukraine, Hong Kong humanitarian visas, and the Syrian resettlement programme have provided important routes for refugees seeking sanctuary. But the system needs to be controlled and managed and we need strong borders. The small boats crisis, fuelled by dangerous criminal smuggler gangs, is undermining our security and costing lives.

we can make Britain a clean energy superpower.

TAKE BACK OUR STREETS

- **Crack down on antisocial behaviour with more neighbourhood police**
- **Tough new penalties for offenders**
- **A plan to get knives off our streets**
- **A specialist rape unit in every police force**

To get knives off our streets Labour will ban ninja swords, lethal zombie-style blades and machetes, and strengthen rules to prevent online sales

Tackling violence against women and girls

For too long, violence against women and girls has been ignored. Our landmark mission to halve violence against women and girls in a decade will require a national effort. We will use every government tool available to target perpetrators and address the root causes of abuse and violence.

BREAK DOWN THE BARRIERS TO OPPORTUNITY

- **Recruit 6,500 new expert teachers in key subjects**
- **3,000 new primary school-based nurseries**
- **Free breakfast clubs in every primary school**
- **A modern curriculum so young people are ready for work and life**
- **High-quality apprenticeships and specialist technical colleges**

BUILD AN NHS FIT FOR THE FUTURE

- ⌚ **Cut NHS waiting times with 40,000 more appointments every week**
- ⌚ **Double the number of cancer scanners**
- ⌚ **A new Dentistry Rescue Plan**
- ⌚ **8,500 additional mental health staff**
- ⌚ **Return of the family doctor**

BRITAIN RECONNECTED

- ⌚ **An unshakeable commitment to NATO and our nuclear deterrent**
- ⌚ **Standing up for our armed forces and veterans**
- ⌚ **New trade agreements**
- ⌚ **Britain leading a Clean Power Alliance**
- ⌚ **Modernise international development**
