## Fonctionnement

- Les étudiant(e)s apportent leur cahier en début de colle au colleur. Il le complète, en ajoutant les sujets et quelques commentaires.
- En fin de colle,
  - ◇ le colleur le dépose dans mon casier (dans ce cas je le rends aux élèves le cours suivant),
  - ◇ **ou** le rend directement aux élèves (dans ce cas, les étudiants le présentent au cours suivant)
- Attention (pour les élèves) : pas de cahier présenté au cours suivant = 0/20.** (Car je relève manuellement les notes)
- **Attention : cahier oublié à la colle = -1/20.**
- Lorsque votre note est  $\leq 11$ , vous **devez** refaire sur les feuilles de gauche ce qui est indiqué par le colleur, et me le présenter le cours suivant. Vous pouvez obtenir alors jusqu'à 2 points de bonus après correction (ou perdre 2 points si le travail n'est pas fait).
- **Les élèves sont responsables de la bonne tenue de ce cahier; les sujets doivent être découpés et collés si le colleur ne l'a pas déjà fait, et éventuellement l'en-tête complété si le colleur a oublié.**

## Notation

1. La colle débutera par une (ou des en fonction du programme) question(s) de cours, elle sera notée sur 4 points.
2. Suivront un ou des exercices, notés sur 16 points, avec le « baromètre » suivant :
  - 0 à 2 : sérieux problème de comportement/d'attitude.
  - 3 à 4 : grosse méconnaissance du cours et des méthodes.
  - 5 à 6 : des difficultés sur les questions simples/classiques.
  - 7 à 8 : ne traite que les questions simples/classiques mais avec de l'autonomie.
  - 9 à 10 : traite les questions simples/classiques, a besoin de beaucoup d'aide pour les autres.
  - 11 à 12 : traite les questions simples/classiques, a besoin d'aide pour les autres.
  - 13 à 14 : traite les questions en autonomie, n'a besoin d'aide que pour les plus difficiles.
  - 15 à 16 : le colleur est impressionné.

Le baromètre est donné à titre indicatif, la note pouvant varier en fonction de la difficulté de l'exercice et du ressenti du colleur.
