- Hezbollah has retaliated by a drone attack, which wounded at least 65 Israeli military and killed 4

# China military exercise around Taiwan

- A military exercise is taking place around Taiwan due to a declaration made by the Taiwanese president, which was perceived as aggressive towards the Chinese regime
- There is no intel about how long the exercise will last
- Though this is just a simulation of how China would respond in case of an attack by Taiwan, any mistake on the behalf of the Chinese in the process could escalate tensions rapidly
